

The Green Room Interiors

Work With Us!

Thank you for your interest in the Design Services offered by The Green Room Interiors!

We firmly believe that a beautiful home supports us in creating a beautiful life. Let us take your vision and your personality and channel it into an interior that is joyful, welcoming, and restorative.

We love working with busy clients who understand the value and positive benefits that come with great design and are willing to put their trust in our talents and processes. Our clients share my desire to create rooms that are welcoming, but have an air of comfortable sophistication.

For us, there is no greater joy than seeing the positive impact our work makes in the lives of our clients!

In the pages that follow, we'll pull back the curtain on the services we offer so you know what to expect and how it all works.

Services

Weaving the delicate strands of color (it sets the tone like nothing else can), pattern, and a thoughtfully considered mix of design styles, we are known for creating interiors that make it impossible to tell when a room was "done". These are the tools we use to craft a room that's timeless, personal, approachable - and always wrapped in comfort!

SERVICES

Fee Based on Scope/Min. \$3,000

White Glove Decorating by the Room

White Glove Decorating by the Room is our most transformative and luxe service.

This is the service for you if you don't have the time, vision or desire to imagine and execute a room makeover.

After creating your custom Design Plan, we source furnishings from our most trusted trade only and local resources and provide concierge level service and professional installation and styling services in your home once your furnishings have arrived.

There is a minimum furnishings budget of \$18,000 for White Glove Decorating by the Room Service

Getting Started

Contact us via email (thegreenroominteriors@gmail.com) or by filling out the contact form on our website.

We'll follow up with you to schedule a complimentary **Discovery Call** to learn about your project and determine if we're a good fit.

Our Process

Not sure what an interior design project looks like?

We believe that if everyone is on the same page from the start and knows what to expect (the peaks *and* the pitfalls), it makes for a more comfortable experience for everyone involved.

THE PROCESS

Phase One - Design Planning

Quite possibly my favorite part of the process, Design Planning is equal parts problem solving and creativity. This is where we create the master plan for your fabulous new room.

We take measurements & photos of your space, determine furniture placement, develop color palettes, source furnishings, textiles, lighting and dream up any custom items that will all come together as a beautiful whole - and make your room like no one else's!

Once your Design Plan is complete (allow 4-6 weeks), we'll come back to personally present our plan in your home for your approval.

See something you don't like? Up to three single item revisions are included at no additional fee.

THE GREEN ROOM INTERIORS

Phase Two - Implementation, Installation and Styling

Once you approve the Design Plan, we go to work making your Plan your new reality! We order furnishings, schedule and oversee any work done by outside trades, and we track and manage your orders. We provide turnkey services for custom orders including communicating all of the fine details of your order to our most trusted vendors to ensure accuracy and quality of the finished goods.

We also do some local shopping for antiques, accessories, plants and fabulous finds that add personality and charm.

Once we've received everything we need to complete your room, we'll schedule an Installation Day (AKA Best Day Ever).

While you're away, we'll oversee furniture placement, and install & style every inch of your new room. You return to a home that is fancy enough to wow the guests but cozy enough to feel like home.

Style. Comfort. Beauty. It's all here!

Communication & Payments

Communication

Email is our preferred method of communication. This allows us to reply to you with well thought out responses and refer back to previous conversations.

Text Messaging - We prefer not to answer any design related questions by text message. Photos of products and colors that we receive by text message cannot be accurately evaluated and we would be doing our clients a disservice by approving or rejecting anything in this manner.

Please no text messages evenings after 6 pm, weekends and holidays.

Phone Calls - If possible, it's best to schedule a phone call in advance. Since we're frequently out in the field sourcing or meeting with clients, we aren't always able to take your call.

All voice mail messages are returned in within 24 hours. Weekend messages are returned Monday.

Payments

Invoices are sent via email and may be paid online with credit cards or paypal. Payments may also be made via Venmo, cash or check.

Payments for Services and goods are due within 10 days of receipt of invoice.

Services will cease to continue if invoices are not paid within 21 days.

Invoices for furnishings or custom items must be paid in full before any orders are placed.

Payments to outside trades and service providers will be paid by the client to the service provider.

About

Yes, I'm passionate about all the pretty things that go into a room's design, but what I find most rewarding is the difference we're making in our clients' lives. The people we work with are just like you - they want to experience an enhanced way of living that great design can offer - but they simply don't have the time, creativity or desire to go it alone.

And this is where we shine!

I'll be your design advocate and trusted advisor to ensure that our vision is carried out while you tend to your busy life.

Creating beauty and functionality in the home is my superpower, and I can't wait to share my gifts with you!

THE GREEN ROOM INTERIORS

Frequently Asked Questions

How long does it take?

Depending on the scope of work, availability of products and how quickly you make decisions, most room transformations take anywhere from 4-9 months. This includes everything from the Design Planning phase all the way through to installation and styling. Some patience is required, but it's definitely worth the wait!

Who buys the furnishings?

The Green Room Interiors is proud of the relationships we've established with skilled service providers and trusted vendors. We communicate all the details of your orders with our favorite resources to ensure the best possible outcome. We also track your orders, troubleshoot when needed, and provide you with email updates to keep you advised of our progress.

What if I find something like it for less online?

If you wish to purchase on your own, then you are responsible for all things related to that purchase. Respectfully, if I don't make the purchase then I cannot take on the responsibility for damaged, missing, or improperly placed orders. All purchases made through The Green Room Interiors will never exceed MSRP and in most cases will fall below retail.

Are there any other fees I should know about?

White Glove clients can expect to pay delivery & freight fees, receiving fees and installation/assembly fees. We prefer to have all of your furnishings shipped to our local receiver where they are received, uncrated, inspected for damage, and safely stored until all of the furnishings for your new room have been received.

On installation day, the movers will deliver, assemble, and place your furnishings under my supervision. They will also remove and dispose of all packing materials.

We use professional installers for custom window treatments and large/precise art installations. This ensures everything is square, level, and safely secured to the walls.

Installation, receiving, freight and delivery fees are set by the individual provider, and those fees are paid by the Client with no markup from The Green Room Interiors.

What to Expect

My goal is that our work together results in an extraordinary room that is a reflection of you at your very best, and that you have an amazing experience along the way! I want you to enjoy the ride and know that a big part of your experience is tied to clear expectations.

Here's what you can expect from us as we work through your project:

- We will be responsive and timely with all communications
- We will respect you, your family, your time, your money and your home
- We will share our expertise and knowledge and will use that expertise to guide you
- We will consult with you before taking any action that would increase your investment in the project
- We will answer your questions and support you to the best of our abilities
- We will deliver a product that you are proud to share with your family and friends

In return, here's what we would like from you:

- You will be engaged, responsive and timely in your communication
- You will provide honest but respectful feedback
- You will put your trust in our expertise and allow us to push you out of your comfort zone when needed
- You will be committed to the project and respectful of our time

We believe that communication, information and clear expectations are critical to the success of any project and I hope this is as valuable to you as it is to us! If at any time you feel stuck, lost, or concerned, please reach out by email or phone!
